

The railway industry provides some unique challenges for the security with regards to asset protection, it requires assets and requirements working "on or near the line."

We bring the best industry practices to bear for our clients by undertaking specific security strategy reviews for all contracts and sites. These are integrated into the works package plans and task briefing to provide a total service.

Services for:

- ◆ Mainlines & Sidings
- ◆ Depots
- ◆ Maintenance & Cargo Lines
- ◆ Public and Private Stations

Why use Black Diamond:

- ◆ Proactive & reactive company
- ◆ All systems are linked
- ◆ One contractor for all your security needs
- ◆ Divisive Processing
- ◆ Service based tailoring
- ◆ Best price without sacrificing security

Security Management

Our Management team has over 80 years of combined experience working within the rail sector, giving us full link up approval.
