You need to make sure that your property isn't being vandalised or misused, whilst protecting your property.

Unsecured vacant properties are seen by children/teens as great places to play but can be far from safe.

They are also seen as an easy target by vandals, arsonists and squatters, who can present a very real threat to your investment as well as holding up any plans you may have for the property.

## Security and Safety Management

The ejection of trespassers can be time-consuming and expensive.

Vacant property inspections will help you comply with your building insurance company. Our aim is to reduce risks of theft, squatting, break-ins, broken equipment, and vandalism.

Our service gives you 24/7 management and protection, providing complete peace of mind.
